NOTES / NOTAS :

[A] Dryer connection depending on main power supply / Conexão do secador dependendo da fonte de alimentação principal

[B] To connect correct transfo-voltage see on transfo / Para conectar a transfo-tensão correta, veja em transfo

[C] For field wiring : use copper wire only / Para fiação de campo: use somente fio de cobre

[D] For left turning electro-magnetic field, connections: U,V,W
For right turning electro-magnetic field (Europe), connections: U,W,V
/ Para campo eletromagnético de giro à esquerda, conexões: U, V, W
Para o campo eletromagnético de giro à direita (Europa), conexões: U, W, V

[F] For 380V versons , connect in one phase and neutral / Para 380V, ligue em uma fase e neutro

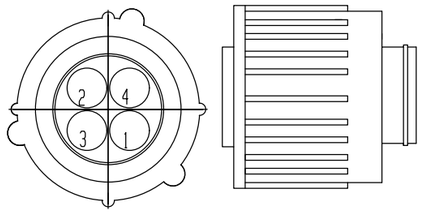
[G] For 440V versions , connect two phases T3 transformer installed in the dryer. /Para versões de 440V, conecte duas fases do transformador T3 instalado no secador.

[H] Circuit breaker+ switch, D curve with residual current device. /Disjuntor + interruptor, curva D com dispositivo de corrente residual.

[I] Three phase versions 3 pole circuit breaker
Three phase versions +N 4 pole circuit breaker
/Versões trifásicas Disjuntor de 3 pólos
Versões trifásicas + disjuntor N 4 pólos

[J] Pressure transducer pin configuration
/ Configuração do pino do transdutor de pressão

1 : Supply V+ / Alimentação V+
2 : Ground / Terra
3: Signal/ Sinal
4 : Sealed with dummy / Selado com manequim



[K] K21 is not installed for G22VSD /
K21 não está instalado para G22VSD

[L] Dryer connection depending on main power supply /
Conexão do secador dependendo da fonte de alimentação principal

NOTE 1 / NOTAS 1 OPTIONAL REMOTE CONTROL CIRCUIT /
CIRCUITO DE CONTROLE REMOTO
OPCIONAL
